This area would allow the firemen to train here—instead of having to go to other municipalities for training. There will be a driveway to the area. Craig said he would like the area visible to the public. He felt this could possibly encourage new volunteers join the department. Fusko said she would prefer that the area could not be seen from the parking lot. Dave Davis suggested that the firemen form a committee to come up with ideas for the area.

Fire Chief Yeager: Yeager reported that there had been 21 calls in August (13 in Wayne Township, 7 in Volinia Township and 1 in the City of Dowagiac). He said that the firemen are undergoing CPR training for their yearly certification.
